# What is your budget for 10 years service?

- ◆ **Fixed cost for 10 years of care free operation already known in advance**

- ◆ **Covering 10 years free of charge service at BONN Elektronik factory**

Transport cost for approach and return are not included

*Alternatively – if the instrument should remain on site:*

- ◆ **All spare parts free of charge required for on-site service over 10 years**

- ◆ **Optionally completed by on-site service**

Depending on site location either BONN Elektronik or one of our local partners can offer on-site service

- ◆ **Very attractive pricing**

Based on the known reliability of our systems we can offer the 10 year service flat rates at surprisingly low rates!

- ◆ **Customer first!**

We definitely do not want to make money with problems caused by our instruments.

Therefore, all service flat rates are calculated without markups.
